

Dremel® Saw-Max™ Crown Molding Cutting Guide Fact Sheet

The Dremel® brand is expanding its line of Saw-Max™ attachments with the introduction of the Crown Molding Cutting Guide. The Crown Molding Cutting Guide is compact and affordable, and it helps simplify crown molding cuts.

Performance

- The Crown Molding Cutting Guide allows users to make four different types of cuts: two interior corner cuts and two exterior corner cuts.
- The attachment allows users to make complicated cuts easily and accurately without needing a large, expensive tool.

Versatility

- With the Crown Molding Cutting Guide, users can make cuts where they are working rather than having to take the workplace to a miter saw.

Design

- The Crown Molding Cutting Guide is portable and compact, weighing less than 2 lbs.

Applications

- Cuts standard 52/38 crown molding up to 9/16" thick.

Catalog number: SM844

The Dremel Crown Molding Cutting Guide attachment will be available starting May 1, 2013 on Amazon.com for an MSRP of \$29.99.
